Dance Party Wedding Dresses Dresses Dresses

A welcome addition for the added festivities is a fresh new dress. Into the joyous Thanksgiving week-end are bound to be parties galore. For at least one you'll want a new Evening Gown, later to be worn at the holiday season. An added charm is the fact that in most models there is but one gown of each style. This wide range of materials, styles and price makes them particularly acceptable in the eyes of the smart shopper. Is it necessary to say anything more in their favor?

Of interest to many Barre people will be the information from the Aberdeen, Scotland, Free Press, telling of the honoring of George L. Grassick, who was retiring after 28 years' service as secretary of Operative lodge, No. 150, of Free Masons of Aberdeen. The event was marked by the presentation of approximately \$150 (thirty pounds, English money) and two easy chairs, one for Mr. Grassick and one for his wife. The gifts were subscribed not only by the members in Aberdeen and the district there but by members in Canada, South Africa, the United States and elsewhere. Mr. Grassick has been a member of the Free Masons 46 years and has held every office "from the door to the chair," according to the Aberdeen Free Press. The presentation speech was made by George Allan, and Mr. Grassick responded. Several toasts were proposed, among them one to "The Brethren in the United States and Canada" by James Gray and responded to by John Murdoch.

COLOR RETURNED TO HER CHEEKS

This Massachusetts Woman Wants Others to Know of Remedy That Restored Her Health.

When the color fades from your cheeks and lips and you lose weight, become nervous and suffer from indigestion, headaches and sleeplessness, the cause is to be sought in the state of the blood. The blood goes to every part of the body and when it becomes thin and the general health is affected. Build up the blood and you will be surprised how quickly your appetite improves. The sparkle will return to your eye, the color of health to your cheeks and new energy will circulate through your entire system.

This was the experience of Mrs. Albert Demers of No. 26 Ayson avenue, Dorchester, Mass. She says:

"For the benefit of others who may be saved a great deal of suffering, I would like to tell how I regained my health. I was very thin and did not have a bit of color. I was so weak that a little effort caused shortness of breath and when I climbed up stairs I was left practically exhausted. My nerves were so unstrung that I had crying spells and could not control myself. My sleep was not refreshing. I had no appetite and suffered from severe pains across my back. I also had headaches a great deal and became very melancholy.

"I read about Dr. Williams' Pink Pills and remembering that I had heard from friends how good they were I got a box and in a short time began to feel better. But when I got to the pills I found that I had a little effort caused shortness of breath and when I climbed up stairs I was left practically exhausted. My nerves were so unstrung that I had crying spells and could not control myself. My sleep was not refreshing. I had no appetite and suffered from severe pains across my back. I also had headaches a great deal and became very melancholy.

"I read about Dr. Williams' Pink Pills and remembering that I had heard from friends how good they were I got a box and in a short time began to feel better. But when I got to the pills I found that I had a little effort caused shortness of breath and when I climbed up stairs I was left practically exhausted. My nerves were so unstrung that I had crying spells and could not control myself. My sleep was not refreshing. I had no appetite and suffered from severe pains across my back. I also had headaches a great deal and became very melancholy.
